A Note from Course Co-ordinator

Dear Learner

We are delighted that you have got yourself admitted into **Bangladesh Open University**. We welcome you to the English book for Secondary School Certificate (SSC) course. Hope you will find your study useful and enjoyable.

Indeed, learning English may be very interesting if you are sincere. We have two English books for the SSC course. **ENGLISH TWO** is introduced for the **2nd year** students. This book contains a variety of prose pieces, short stories and different grammatical items. These will help you improve different skills like listening, speaking, reading and writing in English. We think you will be capable of writing letters, paragraphs, short messages, short reports and understanding news of TV, Radio and daily news papers in English at the end of this course.

The **2nd year** syllabus includes all units of lessons of the text book. You will find a sample question paper at the end of the text book. This book is written on the basis of open and distance learning (ODL) system. It is prepared in an easy manner so that learners can realise it without the help of teachers.

If you find a difficult word, please do not hesitate to consult a dictionary. We are sure that you will do better in the examination if you solve questions of the text book. So go ahead and start studying. We hope you will find your study fruitful and successful.

Wish you all the best.

Rafsan Mahmud
